### **DISTILAMAX RANGE OF YEAST- gluten status**

All active dry yeast products manufactured by Lallemand Inc and sold under the brand name DistilaMax by Lallemand Biofuels & Distilled Spirits are free of gluten, this includes ingredients used in the fermentation and production process.

The ingredient statement for the DistilaMax range is “yeast and sorbitan monostearate”. Traces of potato starch may be present which is used as a processing aid for filtration.
